

## Kubernetes Master

The diagram shows a 3D box representing the Kubernetes Master. Inside the box, there are four white rectangular components arranged in a 2x2 grid. Each component has a label and a small icon on its left side consisting of two horizontal bars. The components are: Controller Manager Service (top-left), API Service (top-right), etcd (bottom-left), and Scheduler Service (bottom-right).

**Controller  
Manager Service**

**API Service**

**etcd**

**Scheduler Service**
